

Before you download the DDI app, ensure you have set up the [Microsoft Authenticator App](#) on your device. This is a Microsoft APP that ensures an additional layer of security for your work/school or personal online accounts.

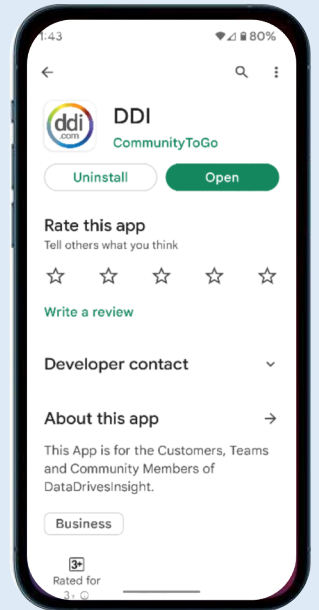

To learn how to download and install the Authenticator App – click [HERE](#).

STEP 1 | DOWNLOAD THE APP – Please do this now!

Download the FREE DDI app available for Apple and Android devices. Visit the iTunes App Store or Google Play to download or click below:

<https://apps.apple.com/au/app/ddi/id6443887096>

<https://play.google.com/store/apps/details?id=com.communitytogo.ddi>

STEP 2 | ENABLE NOTIFICATIONS FROM DDI APP

Please enable notifications for the DDI App in your phone's settings to ensure you receive notice when the PSI Survey is available to complete.

STEP 3 | LOGING TO YOUR ACCOUNT ON LAUNCH DATE

On launch Day, you will receive an email from [Microsoft Invitations on behalf of Data Drives Insight Pty Ltd](#) to create your user profile and respond to the survey.

You must Accept the invitation (as below) to access your profile on the DDI App

Once you have accepted you can create a username with your organisation or personal email address.
